#### **General information**

#### Questionnaire

"Life choices and thoughts about children" (questionnaire) is a questionnaire sent to MoBa participants who responded to the Ung Helse 1/Young Health questionnaire in 2024. Some of the participants were offered to watch a short informational video about humans' biological ability to have children (fecundity) before completing the questionnaire. The video was distributed in a separate questionnaire form, with a designated Instrument Documentation (please see the Instrument Documentation for "Life choices and thoughts about children – Video questionnaire"). The questionnaire is developed in collaboration with the Danish National Birth Cohort (DNBC).

#### **NOTE:**

This instrument documentation was written based on version A of the questionnaire per 02.01.2025

# Children and family

**1. Name of original scale:** MoBa specific questions, inspired by existing surveys, please see references under the table below.

Q	Response options				
1	Do you have children?				
	[Radio buttons]	1. Yes 2. No	LH12		
1.1	Do you want to have biological	children?			
	This element will only be displayed if option "No" was selected in question 1 "Do you have children?".  [Radio buttons]	<ol> <li>Yes, I want to have biological children</li> <li>No, I do not want to have biological children</li> <li>I cannot have biological children</li> <li>Don't know</li> </ol>	LH13		
1.1.1	When do you expect to have bid	ological children?			
	This element will only be displayed if option "Yes, I want to have biological children" or "Don't know", was selected in question 1.1 "Do you want to have biological children?".  [Radio buttons]	<ol> <li>Within the next 1–2 years</li> <li>Within the next 3–4 years</li> <li>In 5 years or later</li> <li>Don't know</li> </ol>	LH14		
1.1.2	How many biological children w	vould you like to have?			
442	This element will only be displayed if option "Yes, I want to have biological children" or "Don't know", was selected in question 1.1 "Do you want to have biological children?".  [Radio buttons]	1. 1 2. 2 3. 3 4. 4 5. 5 6. 6 or more 7. Don't know	LH15		
1.1.3	This element will only be	pregnant / your partner becoming pregnant?			
	displayed if option "Yes, I want to have biological children" or "Don't know", was selected in question 1.1 "Do you want to have biological children?".	<ol> <li>Through intercourse</li> <li>With the help of fertility treatment</li> <li>Other</li> <li>Don't know</li> <li>Not applicable</li> </ol>	LH16		
1.1.4	[Radio buttons]  At what age do you wish to hav	a your first higherical child?			
1.1.4	This element will only be displayed if option "Yes, I want to have biological children" or "Don't know", was selected in question 1.1 "Do you want to have biological children?".  If unsure, enter an approximate age. Provide age in years	Number box. Whole number 18 - 70	LH17		
	[Radio button]	Don't know	LH18		
1.1.5	At what age do you wish to hav	e your <u>last</u> biological child?			
	This element will only be displayed if option "Yes, I want to have biological children" or "Don't know", was selected in question 1.1 "Do you want to have biological children?".  If unsure, enter an approximate age. Provide age in years	Number box. Whole number 18 - 70	LH19		
	[Radio button]	Don't know	LH20		

1.2	Do you want to have more biological children?			
1.2	This element will only be			
	displayed if option "Yes" was	1. Yes, I want to have more biological children		
	selected in question 1 "Do you	2. No, I do not want to have more biological		
	have children?".	children	LH21	
		I can no longer have biological children		
		4. Don't know		
		4. DOTT KITOW		
	[Radio buttons]			
1.2.1	When do you expect to have yo	ur next biological child?		
	This element will only be			
	displayed if option "Yes, I want			
	to have more biological children"	1. Within the next 1–2 years		
	or "Don't know", was selected in	2. Within the next 3–4 years		
	question 1.2 "Do you want to	3. In 5 years or later	LH22	
	have more biological children?".	4. Don't know		
	Thave mere brokegical ermarem.	1. Bont know		
	[Radio buttons]			
1.2.2	How many more biological child	tren would you like to have?		
1.2.2	This element will only be	len would you like to have:		
		1. 1		
	displayed if option "Yes, I want	2. 2		
	to have more biological children"	3. 3		
	or "Don't know", was selected in	4. 4	LH23	
	question 1.2 "Do you want to	5. 5		
	have more biological children?".	6. 6 or more		
	(D. 1). 1	7. Don't know		
	[Radio buttons]			
1.2.3		pregnant / your partner becoming pregnant?		
	This element will only be			
	displayed if option "Yes, I want	1 Through intercourse		
	to have more biological children"	1. Through intercourse		
	or "Don't know", was selected in	2. With the help of fertility treatment	11104	
	question 1.2 "Do you want to	3. Other	LH24	
	have more biological children?".	4. Don't know		
	_	5. Not applicable		
	[Radio buttons]			
1.2.4	[Radio buttons]  At what age do you wish to have	e your <u>next</u> biological child?		
1.2.4	At what age do you wish to have	e your <u>next</u> biological child?		
1.2.4	At what age do you wish to have This element will only be	e your <u>next</u> biological child?		
1.2.4	At what age do you wish to hav This element will only be displayed if option "Yes, I want	e your <u>next</u> biological child?		
1.2.4	At what age do you wish to hav This element will only be displayed if option "Yes, I want to have more biological children"			
1.2.4	At what age do you wish to hav This element will only be displayed if option "Yes, I want to have more biological children" or "Don't know", was selected in	e your <u>next</u> biological child?  Number box. Whole number 18 - 70	LH25

	This element will only be displayed if option "Yes, I want to have more biological children" or "Don't know", was selected in question 1.2 "Do you want to have more biological children?".		LH40	
6	Are you concerned that various risk factors, such as smoking, chlamydia, and anabolic steroids, might prevent you from having the children you want? Select a number between 0 (not concerned) and 10 (very concerned)			
	This element will only be displayed if option "Yes, I want to have more biological children" or "Don't know", was selected in question 1.2 "Do you want to have more biological children?".	Linear scale: 0-10 0 Not concerned - 10 Very concerned	LH41	

#### 2. Description of original instrument:

- Q1.1.2 & 1.2.2: Question modified from "The Swedish Fertility Awareness Questionnaire". The word "biological" has been added.
- Q1.1.3. & 1.2.3: Questions formulated by researchers for the purpose of this questionnaire.
- Q1.1.4 & 1.2.4: Question from "The Swedish Fertility Awareness Questionnaire".
- Q1.1.5 & 1.2.5: Question from "The Swedish Fertility Awareness Questionnaire".
- Q2, 2.1-2.4, 3-6: Questions formulated by researchers for the purpose of this questionnaire.
- **3.** Rationale for choosing the questions: the questions are included in order to map fertility and family intentions in the second generation MoBa cohort.
- 4. Revision during the data collection period: No revisions made.

## Values, life goals and attitudes

**1.** Name of original scale: MoBa specific questions. Inspired by existing surveys. Please see references under the table below.

Q		Response options	Variable name	
	Below we have listed five life goals/topics. How important are each of these to you now? The more important the life goal/topic is to you, the more points you should assign it. If the life goal/topic is not important to you at all at the moment, you assign 1 point			
7	Achieving my educational or career ambitions		LH42	
8	Pursuing my hobbies and other personal interests	Linear scale: 1-10	LH43	
9	Having children / taking care of the children I have	1 Not important at all - 10 Very important	LH44	
10	Keeping in touch with friends		LH45	
11	Living with a partner		LH46	

# 2. Description of original instrument:

Q7-11: Question originally used in the German Pairfam Panel Survey. The question has been modified to fit a Danish and Norwegian context for use in DNBC and MoBa.

- **3.** Rationale for choosing the questions: the questions is included in order to map values, life goals and attitudes.
- **4. Revision during the data collection period:** No revisions made.

# **Fertility**

**1. Name of original scale:** MoBa specific questions. Inspired by existing surveys. Please see references under the table below.

Q		Response options	Variable name
12	Here are some statements about fertility (the ability to have	biological children). Ind	icate whether
	you think the statements are true or false:		I
12.1	It is more difficult for a woman to become pregnant after she has turned 36 years old		LH47
	[Radio buttons]		
12.2	A couple has reduced fertility if they have not conceived after 1 year of regular intercourse without contraception		LH48
	[Radio buttons]		
12.3	Smoking reduces women's fertility  [Radio buttons]		LH49
	Smoking reduces men's fertility		
12.4	[Radio buttons]		LH50
	Approximately 1 in 10 people have reduced fertility		
12.5	[Radio buttons]		LH51
	If a man produces sperm, he is fertile		
12.6	[Radio buttons]		LH52
12.7	A woman in her 40s has the same likelihood of becoming pregnant as a woman in her 30s	1. True 2. False	LH53
	[Radio buttons]	2. False 3. Don't know	
12.8	A healthy lifestyle makes you more fertile  [Radio buttons]	3. Don't know	LH54
12.9	If a man contracts mumps after puberty, he has a greater risk of fertility problems later		LH55
	[Radio buttons]		
12.10	A woman who never menstruates is still fertile  [Radio buttons]		LH56
12.11	If a woman is overweight (by more than 13 kg), it is more difficult to become pregnant  [Radio buttons]		LH57
12.12	If a man can get an erection, it means he is fertile  [Radio buttons]		LH58
12.13	If one has had a sexually transmitted infection, they are at increased risk of reduced fertility	-	LH59
	[Radio buttons]		
12.14	A man is less fertile after he turns 40 years old  [Radio buttons]		LH60
40	If a woman aged 30-35 has regular unprotected intercourse	, what is the likelihood o	f her becoming
13	pregnant within one year? Guess what you think is most corre		
	[Radio buttons]	1. 0-9 % 2. 10-19 % 3. 20-29 % 4. 30-39 % 5. 40-49 % 6. 50-69 % 7. 70-89 %	LH61
		8. 90-100 %	

14	If a woman aged 40-45 has regular unprotected intercourse pregnant within one year? Guess what you think is most cor	
	[Radio buttons]	1. 0-9 % 2. 10-19 % 3. 20-29 % 4. 30-39 % 5. 40-49 % 6. 50-69 % 7. 70-89 % 8. 90-100 %
15	If a woman aged 40-45 undergoes two to three rounds of IV the likelihood of her becoming pregnant? IVF treatment in her body and fertilizing them with sperm in a laboratory disembryo is transferred to the woman's uterus. Guess what y	volves retrieving a woman's eggs from sh. After successful fertilization, the
	[Radio buttons]	1. 0-9 % 2. 10-19 % 3. 20-29 % 4. 30-39 % 5. 40-49 % 6. 50 % or more

## 2. Description of original instrument:

Q12-12-14: Question from Cardiff Fertility Knowledge Scale

Q13-15: Questions from "The German Family Demography Panel Study (FreDa)" survey.

- **3. Rationale for choosing the questions:** the questions are included in order to map the current knowledge about fecundity in the second generation MoBa cohort.
- 4. Revision during the data collection period: No revisions made.

# Health- and lifestyle choices

1. Name of original scale: MoBa specific questions

Q		Respoi	nse options	Variable name
16	If you smoke, how likely is it that you will try to	smoke, how likely is it that you will try to quit?		
	[Radio buttons]	1. 2. 3. 4. 5. 6.	I do not smoke Very likely Likely Neither likely nor unlikely Slightly unlikely Very unlikely	LH64
17	I would get tested for chlamydia if I had unpro			
	[Radio buttons]	1. 2. 3. 4. 5. 6.	Very likely Likely Neither likely nor unlikely Slightly unlikely Very unlikely Prefer not to answer	LH65
18	I want to avoid anabolic steroids			
	[Radio buttons]	1. 2. 3. 4. 5.	Very likely Likely Neither likely nor unlikely Slightly unlikely Very unlikely	LH66

- 2. **Description of original instrument**: Questions formulated by researchers for the purpose of this questionnaire.
- **3.** Rationale for choosing the questions: Questions are designed to measure respondents' personal attitudes. The themes of the questions (smoking, chlamydia, anabolic steroids) are derived from the video that some of the respondents watched prior to responding to this questionnaire.
- 4. Revision during the data collection period: No revisions made.
