

# Erratum for Cancer in Norway 2024

Two errors were discovered in Cancer in Norway 2024.

In Table 8.4, the median age for men and women was erroneously calculated by combining both genders and presented as gender-specific values.

In Table 6.1, The prevalence figure reported for 'All sites' regarding individuals diagnosed ten years ago or longer was listed as 149,832; the correct figure is 149,827.

These errors have now been corrected in the online version of the report.
