

Je, ni wakati gani vijana na watu wazima wanapaswa kukaa nyumbani kutoka shuleni au kazini na kupimwa COVID-19?

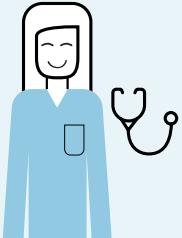

1. Je, unahisi mgonjwa au unafikiri kuwa maambukizi yanaanza?

Kaa nyumbani.

Wasiliana na daktari wako ikiwa unahitaji usaidizi.

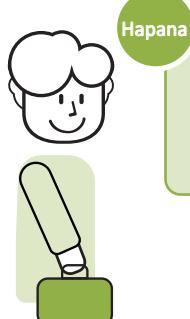

2. Je, una homa, kikohozi, mwasho wa koo, kupumua kwa shida, kupoteza hisia za ladha/ harufu, au unashuku kuwa una COVID-19?

Ndiyo

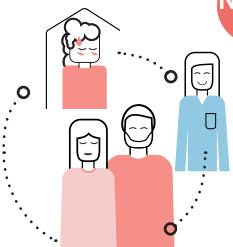

Wasiliana na kituo cha upimaji ili kupanga upimaji.
Kaa nyumbani hadi matokeo ya upimaji yatokee.

Hapana

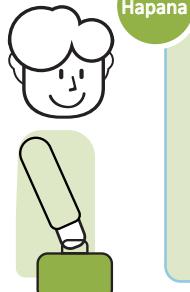

Unaweza kurudi shuleni/kazini ikiwa huna dalili.

3. Je, upimaji ulithibitisha kuwa una COVID-19?

Ndiyo

Utatengwa kutoka kwa watu wengine.
Manispaa yako itakufutilia na watu waliotangamana nawe.

Hapana

Unaweza kurudi shuleni/kazini ikiwa huna homa na unahisi vizuri.
Ni SAWA ikiwa una kikohozi kidogo au kitu sawa na hicho!
